International Space Station Congressional Files Collection, NASA Headquarters Historical Reference Collection.

Series Description

This series consists of Space Station program files collected by the National Aeronautics and Space Administration (NASA) Headquarters archivists for inclusion in the Historical Reference Collection. Records contain materials collected from the Office of Space Flight (OSF) on the International Space Station (ISS) program reflecting and supporting policy studies and analysis; files on program development; correspondence, and memoranda between NASA officials,

private sources, and other U.S. Government agencies; records of official meetings; and speeches given before various organizations. Specifically, this series contains correspondence files; reports; meeting files; speeches; International Space Station (ISS); international cooperation; Mir space station; and Congressional relations.

General Notes

NASA official records relating to the International Space Station program are held in the National Archives at College Park, MD (HQ); Atlanta, GA (MSFC, KSC, SSC, and MAF); Ft. Worth, TX (JSC); San Francisco, CA (ARC); Chicago, IL (GRC); and Philadelphia, PA (LaRC).

Keywords: International Space Station (ISS); biomedical research; contract management; international cooperation; Mir space station; NASA budget; and space commercialization.
